Longest Resident

Meet Milo!

Milo is a young adult male and currently our longest stay dog.

He's on the shy side and does best with slow introductions, gentle interactions, and a calm, quiet environment. Loud noises and quick movements can startle him, but once Milo warms up, his goofy, playful personality truly shines! With two stunning blue eyes and the softest personality, Milo is patiently waiting for the right human to see just how special he is.

Could you be Milo's person? Come meet this sweet boy today!

Volunteer Of The Month

We would like everyone to meet Megan!

Megan has been a dedicated volunteer since 2024, and she has not only donated her time but has also helped our shelter in so many other ways. If you've ever walked dogs at the shelter, you may have noticed the dog walking logs on each kennel. Megan and her family are the wonderful people to thank for those! Megan also helps out at many of our adoption events, informational booths, and farmers markets. She has even donated to help animals get the care they need, including getting them fixed. We are so appreciative of Megan and her continued dedication to improving our shelter and the lives of the animals in it. Her kindness, generosity, and willingness to help make such a difference! We are incredibly proud to announce that Megan is our Volunteer of the Month! Thank you, Megan for everything you do for the animals!

SOUTH UTAH VALLEY ANIMAL SHELTER

ADOPT A KENNEL.

OVERVIEW

This is an opportunity for businesses and organizations to sponsor dog kennels during the 2026 operating year. Kennel sponsorship directly supports the care, adoption readiness, and medical needs of dogs while providing sponsors with high-visibility recognition to an audience of over 10,000 visitors annually.

Each sponsored kennel contributes to:

- Adoption support for every dog housed in that kennel
- Spay/neuter services
- Essential medical care

IMPACT OF SPONSORSHIP

By sponsoring a kennel, partners help ensure that every dog housed in that kennel receives:

- Adoption fee sponsored for each dog in that kennel
- Spay or neuter services
- Necessary medical treatment

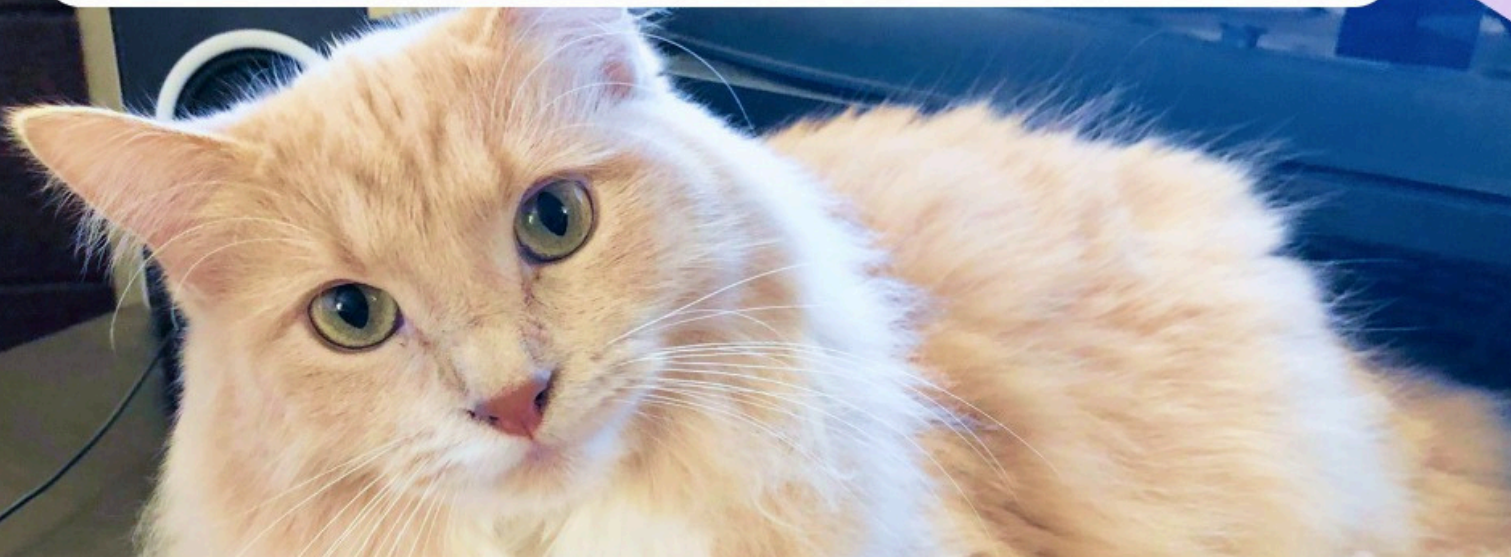

This support plays a vital role in improving animal welfare outcomes while strengthening community engagement through corporate partnership.

Thinking about fostering?

DUE TO HIGH DEMAND AND THE NUMBER OF ANIMALS IN OUR CARE, SOME NEED MORE ATTENTION THAN OUR STAFF CAN PROVIDE. WITHOUT 24/7 SUPPORT, VULNERABLE ANIMALS LIKE NEWBORNS AND THE MALNOURISHED RELY ON OUR FOSTER PROGRAM. GIVING THEM A TEMPORARY HOME GREATLY INCREASES THEIR CHANCES OF SURVIVAL AND ADOPTION.

Volunteer today!

WE LOVE HAVING VOLUNTEERS AND OFTEN RELY ON THEIR HELP FOR THE SUCCESS OF EVENTS AS WELL AS THE HAPPINESS OF THE ANIMALS. TO VOLUNTEER FOR THE SOUTH UTAH VALLEY ANIMAL SHELTER PLEASE FILL OUT AN APPLICATION ONLINE AT SUVAS.ORG.
